Subject: Erosion Complaint - Thomsen Farms, Walker Rd

Wendy,

Good afternoon. I received an anonymous call from a gentleman concerned about a lack of erosion controls around a stock pile of soil immediately adjacent to Walker Rd in the Thomsen Farms development. At the time this gentleman saw this he did not observe any sediment leaving the site but was concerned about the potential. Could the Jackson MS4 program take a look at this and advise the developer and/or contractor as needed? Thanks in advance.

Regards,
Gregg Overstreet
